THE MISER.

There is a man who always seems The pink of true perfection;
He goes to meeting Sabbath days,
And never doubts election.

They say he lives an honest life. Was never known to mutter it To hear him speak you would not dream His mouth could dilute butter,

He'll hit you when he can in trade, ... And think it not uncivil; He was a precious scoundrel made, With heart o'er full of evil.

'Tis said to gain a groat he would A tender orphan, cheat her; And chase, to cut the suit out, To death, a fat musquetoe.

EPITAPH ON A CANDLE,

A wicked one lies buried here, Who died in a decline: He never rose in rank, I fear, Tho' he was born to shine,

He once was fat, but now, indeed, He's thin as any griever: He died—the doctors all agreed, Of a most burning fever.

One thing of him is said with truth, With which I'm much amused, It is—that when he stood, forsooth, A stick he always used.

Now winding-sheets he sometimes made, But this was not enough, For finding it a poorish trade, He always dealt in snuff.

If e'er you said, " Go out, I pray," He much ill-nature show'd; On such occasions he would say; "Vy, if I do, I'm blow'd,"

In this his friends do all agree,

Although you'll think I'm joking, When going out 'tis said that he Was very fond of smoking. Since all religion be despised, Let these few words suffice, Before he ever was baptized

The Vegetable Pulmonary Balsam has been very extensively used for about fifteen years; and its reputation has been constantly increasing. So universally popular has this article become that it may now be considered as a standard article in a large part of the United States and British Provinces. Many families keep it constantly by them, considering it the most safe as well as certain remedy for the above complaints. Mesers. Lous & Reed, Gent,—The Vegetable Pulmonary
Balsam, has been extensively used, in the section of the country
where I reside, for several years past, and has justly acquired a
high reputation in consumptive complaints. So far as my
knowledge extends, it has never discappointed the reasonable ex-

THOMAS BROWN, M. D.

Mesers. Reed, Wing & Cutter, Gentlemen,—Leed it a duty I owe the public, and especially to hundreds of my fellow beings who are now suffering under different diseases of the langs, to give you a statement of the good effects I have experienced from the use of the Vegetable Pulmonary Balsam. Having from my youth up been woulded with different complaints of the langs, such as spitting of blood, a dry troublesome cough, frequently hourseness, with sever fits of coughing, and indeed all the symptours of consumption, and from time to time I have consulted several eminent pysicians, and have taken much medicine, but I received little or no relief, and at hast they told me there was so help for me; that my case was beyond their medicines. In the spring of 1827 I was advised by a friend to try the Vegetable Pulminary Balsam. I obtained two bottles, and on trial I was surprised to find so sudden and effectual relief which it gave use, and after using it about five weeks all my complaints were

I have known a large number of cases where all other medicines have failed of affording any relief, the Balsam was at length resorted to, and speedily effected a cure. I would therefore recommend to every person that has any of the above complaints, on their first appearance to take the Vegetable Pulmonary Balsam, which they will find a safe, convenient and positive ente.

Respect yours, T. P. MERRIAM.

THE LION OF THE DAY, THE OLD DUTCH OR

GERMAN VEGETABLE PILLS. 10 the Citizens of the United States and the Canadas is respectfully submitted this Directory to the means for re-paining that which has been partially, and in some instances,

gaining that which has been partially, and in some instances, totally lost.

What blessing should be prized above that of health, and who knows better how to prize the blessing, than those who have been deprived of it? It is an old salage, (and one that contains a wise injunction.) "in time of pence, prepare forwar." We should in time of Health prepare for the attacks of that stealthy backing foe, Disease. It would be wisdom to observe his movements, to scan well the form in which he approaches, ents, to scan well the form in which he approaches, and then to meet him with those means which are calculated to effect his overthrow. Those means are now before this callighteffect his overthrow. Those means are now before this callightened and intelligent community. They are accessible to the poor as well us the rich, and I trust that those who regard the Constitution of man as one of the finest specimens of Divine workmanship, and the Laws by which that System is governed and directed, as originating in no other than in the councils of Heaven, will so lar obey the injunctions of the latter as to provide the best saf, guard for the former.

It is with the most flattering recommendations, subscribed by most eminent Medical gentlemen, not only in this Country but also in Europe; that I offer this valuable Medicine to this American People.

Time and ful opportunity for a fair and impartial trial have placed the Lion of the Day beyond the brand of Imposition, Humberg, Quackery, &c.
